Request for Renewal Applications ONLY 09/29/2014

The Southeastern Oklahoma Continuum of Care (CoC) is accepting applications for renewal projects only for inclusion with the Continuum's 2014 Continuum of Care application to the U.S. Department of Housing and Urban Development (HUD). Due to funding limitations, HUD will not consider requests for new funding outside of the reallocation process, CoC planning and Unified Funding Agency costs.

The FY2014 CoC Program Competition will be administered under the [CoC Program interim rule](#).

In accordance with [Opening Doors: Federal Strategic Plan to Prevent and End Homelessness](#), HUD's priority is to end chronic homelessness by the end of 2015. In order to reach this national goal, HUD strongly encourages CoCs to include this priority as part of their local planning process and HUD must prioritize funding targeted to this population. In the FY2014 CoC Program competition, HUD's priority is the development of new permanent supportive housing projects that propose to serve 100 percent chronically homeless individuals and families, particularly those who have the longest history of homelessness.

In order to ensure the Continuum's application is in line with HUD national goals, priority will be given to renewal projects that also are in line with HUD national goals.

The renewal project must be located in one or more of the Continuum counties listed above, currently in operation and have a signed agreement expiring between January 1, 2015 and December 31, 2015.

Applicants who submit renewal project applications will be notified within 10 days of the final HUD deadline of October 30, 2014 whether their project will be accepted or rejected. Applicants whose projects are rejected will be notified in writing. Projects that believe they were not allowed to participate in a fair and open process and were rejected by the CoC may appeal the rejection directly to HUD by submitting as a Solo Application prior to the HUD application deadline.
